Tattoo Appointment Tips & Advice

- Arrive on-time for your appointment.
- Make sure to eat a meal and be well hydrated.
- Practice good hygiene and make sure your skin is clean and ready to be tattooed. DO NOT shave pre-appointment.
- Wear appropriate clothing for the area you are getting tattooed; make sure your artist has easy access to the area. If you're getting your legs tattooed, bring shorts along. If it's on your arm, bring along a tank top, etc.
- Relax and try to get comfortable. If you move or fidget, you risk the quality of your tattoo by bumping the artist. Sit still & breathe.
- If you have any questions during your tattoo, ask your artist. This is also a good time to ask about preferred aftercare techniques.
- After your tattoo is finished, your artist will wrap it up to protect it until you get home. Be gentle and treat your new tattoo like you would a scratch.
